CAMPO AI SASSI 2018

Rosso di Montalcino DOC

Campo ai Sassi Rosso di Montalcino offers all the typical characteristics expected of a young Sangiovese cultivated in this area. The deep soils of these vineyards contribute to producing elegant and aromatic wines with light and delicate tannins.

VINTAGE REPORT :

The 2018 season started with a cold, rainy winter and normal sprouting. Spring, marked by rainy weather during the flowering period, saw a delayed fruit set, resulting in a natural decrease in yield. The summer was dry, but not excessively so, contributing to a good veraison and excellent ripening. The cool nights provided perfect temperatures for the development of aromas and colour. Northerly winds in mid-September led to a drop in temperature. The fresh, breezy yet sunny season was particularly beneficial for the Sangiovese grapes, which developed strong aromas and became rich in polyphenols as ripening came to an end.

VINIFICATION AND AGEING:

Once harvested, the Sangiovese grapes were fermented in stainless steel vats at controlled temperatures. During this phase, gentle pressing was fundamental, allowing for the perfect extraction of polyphenolic substances. After a period of time in the cellar, part of which was in wood, the wine spent a further four months in the bottle before being released for consumption.
